

LIVING UNITED IN LOGAN COUNTY

For 2022, The United Way of Logan County continues to partner with 14 non-profit programs in our community. The **Lincoln Area YMCA** is one of those programs.

Since 1996 the Lincoln YMCA has been providing recreational and educational programs to Logan County youth, which assist with their physical, emotional, cognitive and spiritual development. Y programs provide instruction that develops a child's cognitive skills; learning fundamentals relative to a variety of sports and educational opportunities in our summer day camp and before and after school programs. The Y nurtures potential, and believes that everyone should have the opportunity to learn, grow and thrive. The Y is accessible to all people through financial assistance programs for those in need.

United Way funding allows scholarships to be available for Logan County children that need assistance with the cost of participation in a program they enjoy.

Your Support Matters! Because this community supports The United Way of Logan County, Illinois, children have opportunities to live healthy, busy lives. Seniors can remain active and in their own homes. Families can prosper and recover from tragedy. Together we are doing what no one person or organization can do alone. Give at www.uwlogancountyil.org or text "LOGANCOUNTY" to 313131.

Thank you for making a difference in the lives of Logan County youth!
